

Collocation is a combination of words in a language that happens very often.

बार-बार एक साथ प्रयुक्त शब्दों का संयोजन **Collocation** कहलाता है।

Collocation का प्रयोग **Spoken English** में बहुत महत्व रखता है क्योंकि ऐसे वाक्य हिंदी से सीधे-सीधे **Translate** नहीं होते हैं।

मान लें आप कहना चाहते हैं “मैंने गलती कर दी”। ‘करना’ का **English ‘do’** होता है लेकिन यहाँ **‘I did a mistake’** गलत है।

‘I made a mistake’ सही होगा। **‘to make a mistake’** सही **collocation** है।

आइए **Collocation** के कुछ और उदाहरण देखें।
